

GSC24

Genomic Standards Consortium Annual Meeting

August 5, 2024 – August 9, 2024

University of Arizona, BIO5 Institute
1657 E Helen St
Tucson, 85719

Join us at this year's [24th Genomic Standards Consortium \(GSC\) meeting](#), August 5-9, 2024. [Registration](#) is open through July 15th. We will highlight the challenges of genomic reproducibility and reuse to discuss and plan for evolving genomic and laboratory standards to address the needs of clinical, academic, and industry researchers.

Check out our dynamic Agenda and Keynotes:

Session 1: Reproducibility Challenges [J. Gregory Caporaso](#) (The Translational Genomics Research Institute)

Session 4: Challenges of 'Omic data reuse - IMMSA [Jonathan Eisen](#) (UC Davis Genome Center)

Session 5: Genomics and Standards challenges [Jack Gilbert](#) (UCSD)

Session 6: Reproducibility Challenges to Solutions [Rachel Gallery](#) (University of Arizona)
